Commander's Message

Ahoy. First of all, I would like to thank everyone for choosing me to be the 40th year Commander. Thanks everyone who helped to put together the Change of Watch event on May 2. What a great event that was! On May 9th, the Sail Past was a total success with sunny weather, great participants and outstanding effort with our Executive Officer, Tony Gojevic setting up the circle raft up. Thank you all.

I was very proud to be the Commander of the Port Moody Power and Sail Squadron at the most recent Pacific Mainland District's Annual General Meeting on May 23rd.. We have received recognition of our 40th year from the Chief Commander Joe Gatfield at the AGM. I also accepted Julie Ryder's Pacific Mainland Commander's citation, for her outstanding contribution and unconditional willingness to assist other squadrons in the District. Congratulations Julie, you've made us all proud.

On May 30th, we collected 480 expired flares on Flare Disposal Day. The oldest flare we collected was from 1966, wow! We also did a lot of courtesy vessel inspections and thanks to all the volunteers for assisting Lynn Meisl for this wonderful event down at Reed Point Marina.

Thanks Lynn for organizing this. Steve Van Galen did a busy and productive day of re tagging and inspecting fire extinguishers. Thanks Steve.

I would like to wish everyone a happy and safe boating season. See you out on the water. 🚤

STO Year End Report

I appreciated the opportunity to be the PMPSS Student Training Officer for the past year I have learned a lot and I have had the opportunity to work with a lot of great people. It was wonderful to meet the students and be part of putting on the Boating Essentials class.

The two Boating Essentials Class have concluded for this term. Both classes were very successful: of the 36 students who wrote the exam 35 passed.

I would like to thank all of the great instructors who taught the various course materials in Boating Essentials course. Every student that I spoke to really enjoyed the class and spoke very highly of the instructors. I would also like to thank the proctors that come out every week to help the students; I know there is a big commitment of time for this role.

We had two more successful On The Water Practical training sessions, thanks to Glenn Richmond for organizing the boats and captains. Thanks also to Laurie Braaten for organizing all of the food and beverages for the cruise.

I would like to recognize all of the captains and admirals for all the time, effort and resources that go into the day. Thanks to Steve Van Galen for starting the day for us each time. The students learn so much on this day it is really a great thing to provide to the students.

I also wish to acknowledge Lynn Meisl and Glen Anchor for all of the time and effort they put into running the VHF and Boating Basics classes.

Thank-you to my fellow bridge members for your support.

Finally I would like to express my sincere appreciation to Lynn Meisl and Glen Anchor for all of the help they have given me. They both provided me with so much advice, assistance and support during the past few months.

Notice to Mariners

U.S. Customs and Border Protection

Note to Canadian boaters going into U.S. waters:

It is your responsibility as the master (skipper/owner) of a recreational vessel to obtain the latest information regarding entry in the US with a pleasure craft.

The latest information can presently be found on the US Homeland Security Web site at:

<http://www.cbp.gov/travel/pleasure-boats-private-flyers>

Radio Station License

A Radio Station License is not required for Canadian boaters in Canadian waters... however, ***you will need a Radio Station Licence if you plan to cruise into the US.*** This licence must include all radio-transmitting devices (including radar, etc.) on your vessel. Any person operating a VHF/DSC, MF or HF radio on your vessel must hold a Restricted Operator's Certificate (Maritime) whether in Canadian or U.S. waters

United States Processing Fee

If your vessel is 30ft or more, ensure that you have your US issued "Decal":

Boats under 30 feet are not subject to processing fees. Boats 30 feet or more will need to pay an annual processing fee when entering or re-entering the U.S. which applies to U.S. and non-U.S. boats. I-68 and NEXUS pass holders are required to pay the fee as well.

The processing fee is under \$30 which can be paid at customs dock, over the phone or on-line. You can also order a sticker before you leave and return to the United States. Stickers are not available at customs locations but can be purchased on-line. Sticker / fee is good for one calendar year. Renewal notices for the next year are also mailed out.

<https://dtops.cbp.dhs.gov/>

Courtesy Flag | Host Country:

Standard flag etiquette suggests a vessel should fly the US flag when entering US waters. The host or courtesy flag should be flown alone or separate from Canadian flag if displayed. Common placement is on the bow, mast or VHF/radio antenna.

Note to Canadian boaters returning from U.S. waters:

Consult the Canada Border Services Agency (CBSA) Web site for the latest entry procedures by Recreational Boat at:

<http://cbsa-asfc.gc.ca/travel-voyage/pb-pp-eng.html>

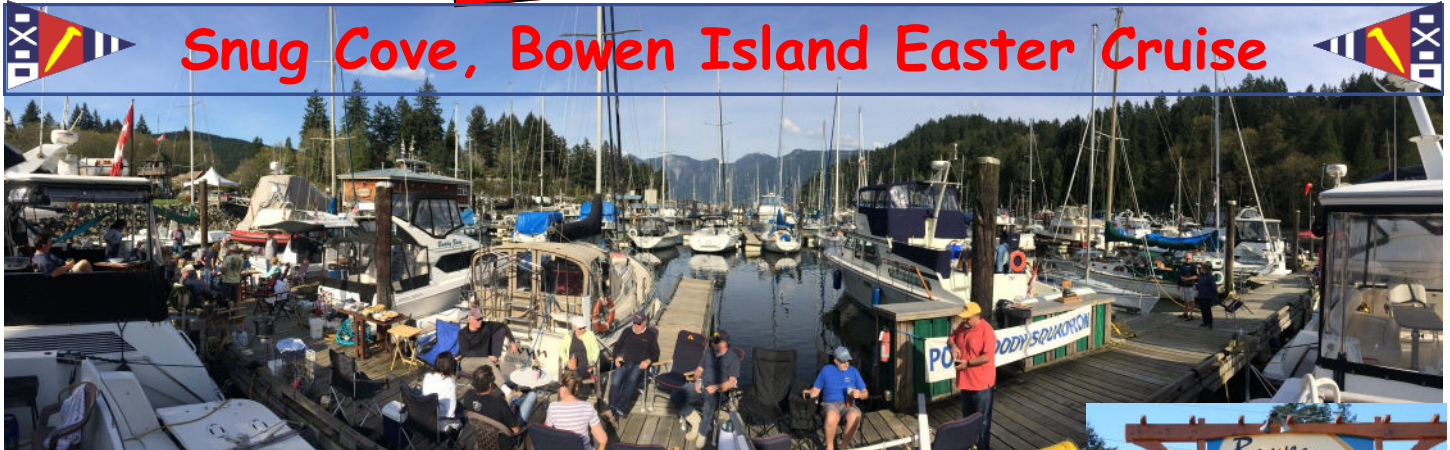

As master (owner/skipper) of the boat, it is your responsibility to report to the CBSA when you enter Canadian waters. While in most cases you will be required to report from 1) a Telephone Reporting Site-Marine (TRS/M), or 2) in specific circumstances you can report from the water.

Reporting from a CBSA marine reporting site

Go directly to a TRS/M and follow the instructions posted on location to contact the Telephone Reporting Centre (TRC) **Toll free: 1-888-226-7277** and request clearance to enter Canada. Only the master may leave the boat to place the call to the TRC. Everyone else must remain onboard until the CBSA gives authorization.

With summer-like weather on Saturday May 9th, members enjoyed lunch and a unique afternoon of fellowship that, for most, extended into an overnight stay.

May Long Weekend Backyard Bash Cruise to Iron Bay, Indian Arm

Seventeen vessels rafted up for the May 15-17th long weekend cruise to Iron Bay in Indian Arm. Was it the close proximity to home or the Pirate Dinghy Poker Run

contest that made this 1st backyard cruise so successful?

Congratulations to the poker winners: Bill and Donna England (Copacabana) were first with \$500, then Michelle Warrington and her husband Chris (No Bad Days) were second at \$200, and Cher Zotek (Mrs. Sippie) was third with \$100. Cruise Directors Dave & Grace Burrell also had fluorescent-yellow souvenir t-shirts available for sale.

Exploring nearby Granite and Silver Falls, and Indian river made excellent dinghy excursion activities. Aside from a briefly dramatic midnight thunderstorm, the weather steadily improved. 🚩

Crabmeister

Steve Dewitt wins the Crabmeister title ...and a booty of cash. The old trophy has been retired (or has it?) and replaced with a treasure box full of real money by way of donation. A laminated scroll log will keep a record of past winners. Now the contest is something you will want to win again! 🇵🇸

COW Awards

Steve Dewitt once again brings home an award...this time for a past boating faux pas that didn't get forgotten. The Green Jacket and Bent Prop was awarded by last year's recipient Chris Reyburn. 🇵🇸

By painting half of the brick gold, the Bent Brick award was repurposed to be awarded for a good deed. This year's honouree is Dave Burrell. 🇵🇸

After a recent trip to New Orleans, Kim & Jim Church had to share with us a typical southern meal they enjoyed there which is pictured here...Shrimp Cheese Grits.

So what are grits? Corn has been a staple food around the world for centuries and it seems that every culture has developed their own favorite way to prepare it. But are they really all the same thing but with different names? Cornmeal, grits, and polenta: how are they similar and what makes them different?

Cornmeal is finely ground corn, but more course than flour. Although sometimes called cornflour, it should not be confused with corn starch.

Grits are made from dried and ground corn, but is usually a coarser grind than cornmeal. Grits are often made from hominy, which is corn

With Cheese & Prawns

treated with lime (or another alkaline product) to remove the hull. Several varieties of grits can be found on grocery store shelves, including stone ground or instant. Stone ground grits are whole grain and retain the germ and all of its nutrients. Stone ground grits have a longer cooking time of around 45 minutes. Instant grits are further processed and partially cooked before drying. This reduces their cooking time to around 5-10 minutes, but also reduces their nutrient content.

Polenta is an Italian dish made by boiling cornmeal into a thick, solidified porridge, and directly consumed afterwards or baked, fried or grilled.

As a special treat for BC boaters, this shrimp cheese grits dish is easily and quickly made using freshly caught BC Spot Prawns, and quick cooking grits. 🇧🇨

Cheese Grits

Ingredients

- 4 cups milk
- 1/2 teaspoon kosher salt
- 1/4 teaspoon ground black pepper
- 1 teaspoon hot sauce (optional)
- 1 cup quick-cooking grits
- 2 tablespoons butter
- 1/4 cup cream cheese
- 1 cup Cheddar cheese

Prep Time: 5 minutes
Cook Time: 10 minutes
Total Time: 15 minutes
Yield: 4 servings

Preparation

1. In a medium pot, add milk, salt, pepper and hot sauce. Over medium-high heat, bring the liquid to a slight boil.
2. When milk is bubbling, whisk in grits. Reduce heat, letting grits cook until thick, about 5 minutes.
3. Add butter, cream cheese and Cheddar cheese to the grits, stirring until they are melted into the grits. Taste, and adjust seasonings, if necessary. 🇧🇨

Ingredients

- 40 prawns, peeled,
- Juice of 1 lemon
- Tabasco or other hot pepper sauce
- 6 thick slices bacon, chopped
- 1 small onion, finely chopped
- 1/4 cup finely chopped green bell pepper
- 1 garlic clove, minced
- 1/2 cup thinly sliced scallions
- 2 tablespoons unbleached all-purpose flour
- 1 cup chicken stock

Prep Time: 15 minutes
Cook Time: 20 minutes
Total Time: 35 minutes
Yield: 4 servings

Preparation

Combine the prawns with the lemon juice and a couple of generous splashes of hot pepper sauce. Let sit while you begin the grits and gravy.

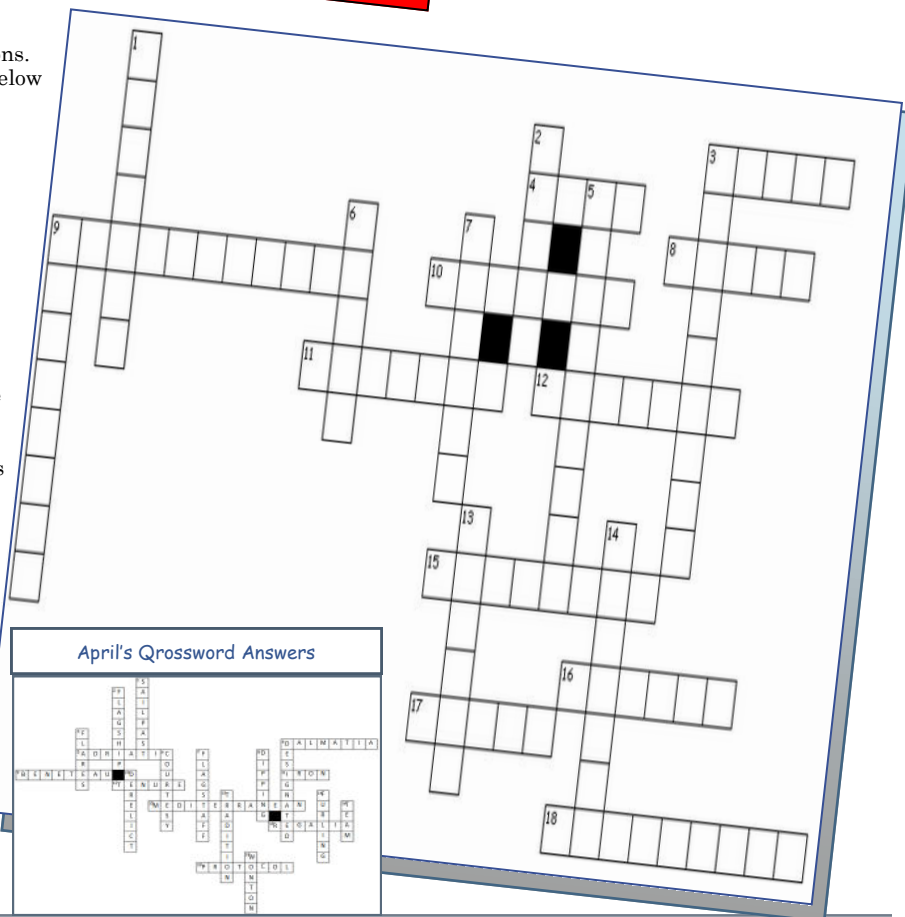

Fry the bacon in a medium skillet over medium heat until brown but still limp. Stir in the onion, green pepper, and garlic and continue cooking until the onion and pepper are limp, about 5 minutes. Add the scallions, sprinkle the flour over the mixture, and continue sautéing for 5 minutes longer. Stir in the stock and remaining salt and cook for 5 minutes longer. Stir in the prawns. Cook until the prawns are opaque throughout, about 5 minutes. 🇧🇨

As Seen In The News

BC's Newest Artificial Reef

Just a few kms away from Snug Cove, Bowen island where PMPSS members moored for the Easter long weekend, is BC's newest artificial reef. Located in Halkett Bay Marine Provincial Park off Gambier Island, hundreds of boaters gathered to watch the sinking of the HMCS Annapolis, a 113 meter helicopter-carrying destroyer. The HMCS Annapolis served in the Canadian Navy for more than 30 years before being decommissioned in 1998 and sold to the Artificial Reef Society ten years later.

On Saturday April 4, shortly before 1:30 p.m., the staggered reports of 12 cutting charges detonated loudly from the stern to the bow of the ship, and echoed sharply across the relatively calm water. The vessel disappeared in less than two minutes.

The ship will provide habitat for marine life and serve as a destination for recreational divers. Holes were cut into its hull to allow easier access for qualified divers to explore its inner workings. "It's hopefully going to really highlight what kind of beautiful diverse marine life we have in B.C." said society director Larry Reeves. The Artificial Reef Society of British Columbia now lays claim to 7 sunken ships and 1 airplane.
