Commander's Message

A hoy everyone,
 We have started our Spring Education Programs; Sail -10 students, Boating 2 -12 students and the Electronic Navigation classes on February 11th will start with 10 students. Thanks to our hard working Education Department volunteers - Lynn Meisl and Glen Anchor. They make us proud. We have more students than any other squadron in Pacific Mainland District.

Start getting your vessels ready. Yes, our first cruise started on the Family day weekend to Bedwell Bay. Our 2016 cruise dates has been posted on our website for your convenience.

We will soon announce our *Spring Boating Day* event to collect expired flares and start RVCC inspections. We will need volunteers. If you can help, please contact me.

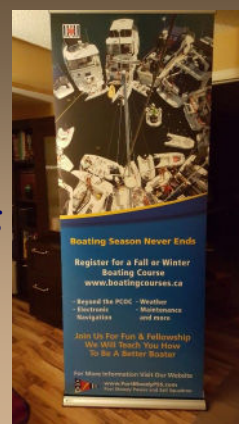

Safe cruising all, hope to see you out on the water soon. 🚢

*Sukru Yigit,
 Commander*

*PMPSS Bridge Meetings are held

VHF OFFICER REPORT

Department of Oceans and Fisheries on Burrard St requested a VHF class in their office for 4 staff members. Only 2 students showed – the other two will register and attend another class

Class at Reed Point on January 19th, 9 students registered

Coquitlam only has two students registered for VHF so they are sending them to our class

Glen will be setting a date for another VHF class in early March.

Once again we thank Rod Macvicar for the use of his Marine Education Room at Reed Point

Re: Government & Industry Liaison Report

Canadian Hydrographic Service (CHS) Update:

- New edition Chart 3534 (Plans – Howe Sound) just released.
- New edition Chart 3540 (Approaches to Campbell River) release scheduled for January 2016.

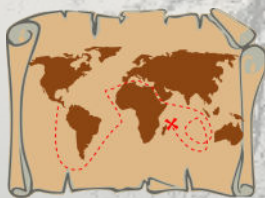

Chart Patches in progress:

- 3447 Nanaimo Hbr. / Departure Bay Cruise Ship Terminal (Dec. '15)
- 3475 Chemainus / Harmac / Osborne Bay (Dec. '15)
- 3479 Approaches to Sidney / Van Isle Marina (Dec. '15)
- 3538 Lund / Desolation Sound / Sutil Channel (no date scheduled)

CHS is planning to conduct surveys on Cultus Lake in 2016.

CHS is also initiating a study to determine the future of paper charts.

Completion is scheduled for March 31, 2016; public input will be sought. Need for the review has been brought about by declining revenues, fewer resources and higher production costs.

Canadian Coast Guard (CCG) Update:

- CCG has reported that SAR incidents are up by 10% this year. No trend analysis has been done to date.
- The new Cape Mudge Sector Light is now finally in service. CCG is inviting comments on its effectiveness.

Recreational Boating Advisory Council (RBAC) Update:

- RCMP are currently seeking direction from Transport Canada for procedures to deal with derelict boats being moved (ie. underway) from anchorage to anchorage. Many of these vessels are unsafe and in most cases, noncompliant. RCMP are reluctant to take them in tow as that would require an assumption of responsibility and efforts at enforcement only shifts the problems to other areas.
- RCMP are also focusing attention on live-aboard vessels which are not necessarily derelict but on the verge of being unseaworthy.
- Commercial prawn and crab traps are becoming a serious navigation hazard as many are being rigged with marker buoys that rest just below the surface. Problems with these traps have been experienced in the Ganges, Sooke and Port Renfrew areas. Department of Fisheries has been requested to look into the matter.

Local Bridges Update:

The City of New Westminster is in the planning stage for a new pedestrian bridge crossing from Quayside to Queensborough (Q2Q). Proposed siting is near or adjacent to the present rail bridge and would incorporate a swing or draw span of some kind.

Lucky New Owners

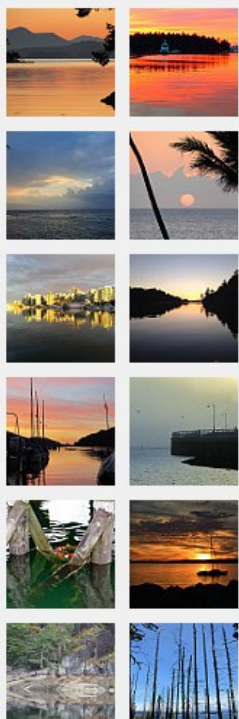

Michelle and Chris Warrington break out the bubbly in celebration of their new boat, a 1991 4387 BAYLINER.

Now there will only be "all good days".

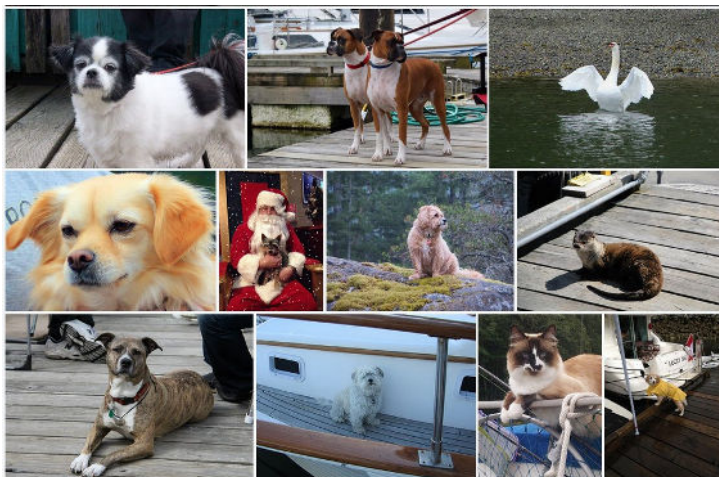

Christine and Robin Sheldon's new boat is no other than 'Merlin V', a 5788 Bayliner almost 60ft LOA.

As Chris puts it, "we will probably need surgery to remove the grins from our faces".

Crispy Cod

While it's hard to beat battered fish, deep frying is not the most practical of cooking methods to use in a boat galley. The next best thing? A pan-seared crispy potato chip like coating. It's quick, gluten free and you can totally customize the seasonings to your suit your tastebuds. The coating can be premixed at home and is convenient to store on board to use throughout the boating season, or prepare a batch of uncooked pre-coated pieces to freeze at home, to take boat to cook up at a later date...either way, quick and easy. Enjoy crispy fillets whole as part of a balanced meal with rice or French fries, and a green vegetable or salad, or cut up into bite size morsels to share at a potluck. Move over Crusty Crab and make room for Crispy Cod! 🚢

Crispy Potato Coated Cod

Ingredients (serves 2)

- .200 kg Cod or any white fish
- 2 tbsp Olive oil
- 1/2 c Potato crust mix
- 1 Egg
- 1 tbsp Milk
- Tarter Sauce

Instructions

1. Heat olive oil in non-stick pan to medium.
 2. Mix together egg & milk
 3. Dip fish in egg/milk mixture
 4. Dip wetted fish into potato flake mix and coat thoroughly (can be flash frozen at this point)
 5. Pan fry each side approx 2-3 mins for thin fillets, or 4-5+ for thicker (thaw from frozen before cooking)
- Optionally can be baked in the SeaBQ set to high, using a nonstick pan and spraying pieces with a light coat of olive oil approx 10-15mins.
- Remove to plate and serve with tarter sauce and accompaniments. 🚢

CASBA Awards

Top Volunteer Dedicated to Boating Safety: Gary Clow

As a volunteer with the Canadian Power & Sail Squadrons since 1998, Gary has served in a variety of capacities in two Squadrons. A newsletter editor and contributor, executive positions, including Commander, as well as a

training officer. While Gary has given in excess of 2,500 hours of his time, it has been his commitment and drive to develop and an on-water course standard that set's him above his peers. While others doubted it was possible, he committed his efforts to transitioning lessons from the classroom to application on the water. 🇨🇦

Vanessa Schmidt shared Canadian Safe Boating Council - CSBC's post.
