

DECLARATION
RVCC Training Video

Background:

CanBoat has produced a training video in both English and French to be viewed by all those volunteers who wish to continue to conduct Recreational Vessel Courtesy Checks. The video is about 12 minutes in length and covers inspections of both small and larger vessels. The video basically follows Transport Canada's Pleasure Craft Courtesy Check form starting at the top, then moving down the left hand side followed by the right hand side. A revised version of the form was issued by Transport Canada in 2024. The "Bubbles" to be filled in have been replaced by squares to be filled in with an X. If a boater refuses an inspection you can complete as much of the form by personal observation and submit it.

Put your CanBoat Membership Number in the upper LH space and the CanBoat number, 0600, in the upper RH space.

Complete the form by putting your name and Squadron in the space in the lower RH corner and submit.

The RVCC Training Video can be found at <https://www.canboat.ca/events/recreation-vessel-courtesy-check/rvcc-training/>

Once you have watched the video, understand it and have no questions, please complete the following, sign and date and e-mail or send it back to the National Office.

Name: _____

Squadron: _____

CanBoat Membership Number: _____

Declaration: I have viewed the RVCC Training Video, understand it and have no questions.

Signature: _____

Date: _____
